VISION

Our vision is to see people within communities where we work with access to basic education and opportunities in life, living in a hygienic, friendly and healthy environment with the awareness of STDs like HIV and AIDs and its impact.

ABIGAEL JEPLETING KIROREI

EDUCATION FOUNDATION was registered

in 2024 to address the needs of the vulnerable and poor people in five counties in Kenya namely Mombasa, Kwale, Kilifi, Nairobi and Bomet.

Poverty in Kenya has increased tremendously over the last decade with more children unable to access basic education, parents unable to feed their children, the youth unable to get jobs leading to youth and young children taking drugs, early pregnancies among young girls and increment of street children and street families.

With joblessness among the youth skyrocketing, more children are unable to progress with their education. Families are struggling with treating their sick ones. Considering the impact of HIV/AIDs infections and deaths which led to millions of orphans and thousands of child led homes. Adolescents are in charge of bringing up their little sisters and brothers. Not forgetting the recent impact of Covid19 on the poor populations

MISSION

Abigael Jepleting Kirorei Education
Foundation is out to improve and upgrade communities, and enriches the lives of the youth with purpose through child education sponsorships, health and sanitation awareness, community-based advocacy programs with the awareness of common STDs like HIV/AIDS and its impacts, vocational and agriculture trainings, and women empowerment programs.

It was because of the above challenges on Kenyans that caused Mr. & Mrs. Rotich to start the Abigael Jepleting Kirorei Education Foundation.

The Foundation has from its humble beginnings sought to address education among the vulnerable by sponsoring orphans and vulnerable children.

The Foundation is also supporting poor families and poor children access healthcare by ensuring that they get Medical Cover for every vulnerable family.

The Foundation is also seeking to economically empower the vulnerable families by supporting them start small businesses as well as supporting the youths in their quest to find jobs.

The focus of the Foundation is the families living in slums in the cities and towns and the marginalized areas where government services are unavailable or are inaccessible and where poverty is rampant among the people.

GOAL

Our goal is to have an **IMPACT IN LIVES** by providing result oriented, cost effective, & culturally related child education sponsorship programs, capacity building programs for different groups of people in our communities, particularly youth, widows, disabled and school-age children.

SPECIFIC OBJECTIVES

- To provide basic education, vocational education and trainings for the disadvantage adolescents (orphans) and youth in order to make them literate and empowered.
- To eliminate gender inequalities in primary and secondary education by achieving equality in education, with ensuring girl's full and equal access to basic education of good quality.
- To raise awareness, understanding and knowledge on STDs like HIV/AID within the areas we operate in.
- To improve the environmental condition for slum dwellers and poor people.
- To make campaigns of tree planting within communities especially in rural areas.
- To empower widows to be financially independent through capacity building.
- To empower youth to take Agriculture seriously within the rural region.

ORGANIZATIONAL VALUES

- Working with efficiency, efficacy and long-term sustainability.
- Valuing the principle of social justice, and empowerment of children, youth and women.
- Solving youth conflicts and building peace and deep true-ship among the youth.
- Believe in the power of committed youth individuals and organization who want to contribute to a sustainable development.

Mr & Mrs Rotich

Our lives have always been about working with the community especially children. Our work with children come from compassion and love we experienced when we were growing up especially from our parents. Our appeal to the entire community is that we be our brother's/sister's keeper and be controlled by the welfare of the needy living among us.
